MANKIRAT SINGH BHATIA

B.E. - Computer Science & Engineering

Ph: +91-7743031670

Email: mankiratsingh2k24@gmail.com

Chandigarh, Chandigarh, India - 160025

LinkedIn: https://www.linkedin.com/in/mankirat-singh-242646348

PROFESSIONAL SUMMARY

Detail-oriented Computer Science undergraduate with a strong foundation in Python, SQL, database management, and data analysis. Experienced in data cleaning, transformation, querying, and handling large datasets using Pandas and MySQL. Familiar with data pipelines, data visualization, and building data-driven solutions, with a keen interest in scalable data systems and data engineering.

KEY EXPERTISE

SQL | Python | Pandas | JavaScript | OOPs | DBMS | Power BI | Excel | Agile | SDLC | Gen AI | ELT Pipelines | Computer Networking | Operating Systems

EDUCATION

University Institute of Engineering and Technology 2023 - 2027

B.E. - Computer Science & Engineering | CGPA: **8.17** / **10**

Baba Aapo Aap Guru Nanak Public School, Chhintawala, Nabha 2023

12th | CBSE | Percentage: **86.60** / **100**

Dayanand Public School, Pandusar, Nabha, Nabha 2021

10th | CBSE | Percentage: **90.80** / **100**

INTERNSHIPS

CareerCafe Edutech LLP | Education 25 May, 2026 - 25 Jun, 2026

Data Engineering Intern

Key Skills: Excel | Python | Pandas | Data Cleaning | Data Processing

Gained hands-on experience in data cleaning, preprocessing, and validation using Python and Excel. Prepared reliable datasets by handling missing values, duplicates, and inconsistencies for accurate analysis.

AISoC (AI Summer of Code) | E-Learning / Edtech 13 Jun, 2025 - 18 Jul, 2025

Full Stack Developer

Key Skills: React.js | Node.js | Javascript | JWT Authentication | MVC Architecture

Developed the DIC, UIET Chandigarh platform under the AISoC Project Program, contributing to full-stack development using React.js and Node.js. Implemented JWT-based authentication and contributed to internship application workflows, online interview functionality, and real-time notifications to streamline campus recruitment.

PROJECTS

CourtLens – Punjab District Courts Analysis

Key Skills: Python | Pandas | SQL | MySQL | Joins & Aggregations | Power BI

Project Link: https://github.com/Mankirat1010/Punjab-Judicial-Workload-Analysis

- Collected, cleaned, and analysed 3.08M+ judicial case records across 22 districts and 154 courts using Python and Pandas.
- Performed Exploratory Data Analysis (EDA), SQL Joins, and Aggregations to evaluate case pendency, disposal trends, average resolution time, and judicial workload.
- Developed an interactive Power BI dashboard to track judicial KPIs, identify workload imbalances, district-wise disparities, and case disposal patterns, generating insights for improved judicial resource allocation.

GenAI-Powered Ocean Data Assistant

Key Skills: Llama3 | RAG | MySQL | ChromaDB

Project Link: https://github.com/Mankirat1010/GenAI-Ocean-Data-Assistant

- Developed a Retrieval-Augmented Generation (RAG) based AI assistant using Llama 3 to convert natural language queries into SQL queries.
- Integrated ChromaDB vector database to retrieve relevant domain-specific knowledge and provide context-aware responses.

• Implemented SQL query validation and execution on PostgreSQL, enabling users to interact with ocean datasets through a Streamlit interface.

Blogify – Full Stack Blog Platform

Key Skills: Node.js | Express.js | MongoDB | EJS | JWT Authentication | Password Hashing

Project Link: https://github.com/Mankirat1010/Blog-App

• Developed a full-stack blogging platform using Node.js, Express.js, MongoDB, and EJS, following the MVC architecture.
• Implemented secure user authentication using JWT and password hashing to enable protected account management and access control.
• Built features for blog creation, image uploads, and commenting, with dynamic EJS-rendered pages and persistent data management using MongoDB and Mongoose.

Myntra Marketplace Performance Analysis

Key Skills: Power BI | KPIs | Data Visualization | Dashboard Building

Project Link: https://github.com/Mankirat1010/Myntra-Marketplace-Performance-Analysis

• Analysed 45K+ Myntra products across 3,100+ brands to evaluate product performance, pricing, discounts, ratings, and customer satisfaction.
• Developed an interactive Power BI dashboard to identify trends, assess discount effectiveness, and uncover high-demand products with quality improvement opportunities.
• Identified high-rated Beauty and Personal Care brands with untapped growth potential and recommended increased marketing visibility to support business growth.

ASSESSMENTS / CERTIFICATIONS

Generative AI Skills for Data Analysts

Provider: IBMSkillsNetwork

Key Skills: Python | Microsoft Excel | SQL | Power BI | AI

Developed practical skills in Python, SQL, Excel, Power BI, EDA, and Generative AI for data analysis and decision-making.

Introduction to Cloud Computing

Provider: Simplilearn

Key Skills: Cloud Architecture | IaaS | PaaS | SaaS | OpEx vs CapEx

Learned cloud computing fundamentals, deployment models, cloud services, security, migration strategies, and cloud architecture.

POSITIONS OF RESPONSIBILITY

Smart India Internal Hackathon (SIH) 2025 Team Lead

Led the team in SIH 2025, advancing to Round 2.

Bhangra Team Lead, PECFEST

Led the Bhangra team for PECFEST, managing practice sessions and choreography.

Musical Band Lead, Thomso IIT Roorkee

Led an 8-member musical band for a live performance at Thomso cultural festival.

EXTRA CURRICULAR ACTIVITIES

- Member of Training and Placement Cell, UIET
- Member of Euphoria Music Club, UIET
- Member of Juniper Foundation Chandigarh (social activities)

PERSONAL INTERESTS / HOBBIES

- Business and Stock Market Trends
- Playing Guitar and Exploring Music
- Playing Chess
