

## PROFESSIONAL SUMMARY

A detail-oriented and curious learner who enjoys exploring data to uncover meaningful insights and support better decision-making. Brings a combination of analytical thinking, effective communication, and teamwork, with a strong motivation to grow in the field of Data Analytics.

## KEY EXPERTISE

SQL Python Pandas JavaScript OOPs DBMS Power BI Excel Agile SDLC Gen AI Cloud Computing

## EDUCATION

### University Institute of Engineering and Technology

B.E. - Computer Science & Engineering | CGPA: 8.17 / 10

2023 - 2027

### Baba Aapo Aap Guru Nanak Public School, Chhintawala, Nabha

12<sup>th</sup> | CBSE | Percentage: 86.60 / 100

2023

### Dayanand Public School, Pandusar, Nabha, Nabha

10<sup>th</sup> | CBSE | Percentage: 90.80 / 100

2021

## INTERNSHIPS

### CareerCafe Edutech LLP | Education

Data Analytics Intern

25 May, 2026 - 25 Jun, 2026

**Key Skills:** Excel Python Pandas Data Cleaning Data Processing

Gained hands-on experience in data cleaning, preprocessing, and validation using Python and Excel. Prepared reliable datasets by handling missing values, duplicates, and inconsistencies for accurate analysis.

### AISoC (AI Summer of Code) | E-Learning / Edtech

Full Stack Developer

13 Jun, 2025 - 18 Jul, 2025

**Key Skills:** React.js Node.js Javascript JWT Authentication MVC Architecture

Developed the DIC, UIET Chandigarh platform under the AISoC Project Program, contributing to full-stack development using React.js and Node.js. Implemented JWT-based authentication and contributed to internship application workflows, online interview functionality, and real-time notifications to streamline campus recruitment.

## PROJECTS

### CourtLens – Punjab District Courts Analysis

**Key Skills:** Python Pandas SQL MySQL Joins & Aggregations Power BI

**Project Link:** <https://github.com/Mankirat1010/Punjab-Judicial-Workload-Analysis>

Punjab's district courts witnessed a nearly 5x surge in pending cases between 2016 and 2024, highlighting a critical judicial backlog crisis requiring data-driven intervention. Sourced and analyzed 3.08M+ cases across 22 districts and 154 courts, performed data cleaning and EDA in Python using Pandas, followed by joins and aggregations in MySQL, before building an interactive Power BI dashboard. Tracked key KPIs including workload, average resolution time, pending case %, and judicial efficiency to uncover systemic bottlenecks. The analysis highlighted judicial workload imbalance, district-wise disparities in case resolution, and a high share of dismissed cases as key contributors to the backlog, enabling recommendations for optimized judge allocation and process improvements.

### GenAI-Powered Ocean Data Assistant

**Key Skills:** Llama3 RAG MySQL ChromaDB

**Project Link:** <https://github.com/Mankirat1010/GenAI-Ocean-Data-Assistant>

Developed a Retrieval-Augmented Generation (RAG) based AI assistant that translates natural language queries into SQL using Llama3, retrieves domain knowledge from a Chroma vector database, validates and executes queries on PostgreSQL, and generates context-aware responses through an interactive Streamlit interface.

Blogify – Full Stack Blog Platform

Key Skills: Node.js Express.js MongoDB EJS JWT Authentication Password Hashing

Project Link: <https://github.com/Mankirat1010/Blog-App>

Developed a full-stack blogging platform using Node.js, Express.js, MongoDB, and EJS. Implemented secure user verification with JWT authentication with password hashing, enabling users to securely manage accounts, publish blogs, upload images, and post comments. Built dynamic web pages following the MVC architecture and enabled real-time content interactions with persistent data management using MongoDB and Mongoose.

Myntra Marketplace Performance Analysis

Key Skills: Power BI KPIs Data Visualization Dashboard Building

Project Link: <https://github.com/Mankirat1010/Myntra-Marketplace-Performance-Analysis>

Developed an interactive Power BI dashboard analyzing 45K+ Myntra products across 3,100+ brands, revealing that higher discounts did not consistently improve customer satisfaction, identifying high-demand products requiring quality improvements, and recommending increased marketing visibility for high-rated Beauty & Personal Care brands with untapped growth potential.

ASSESSMENTS / CERTIFICATIONS

Generative AI Skills for Data Analysts

Provider: IBMSkillsNetwork

Key Skills: Python Microsoft Excel SQL Power BI AI

Developed practical skills in Python, SQL, Excel, Power BI, EDA, and Generative AI for data analysis and decision-making.

Introduction to Cloud Computing

Provider: Simplilearn

Key Skills: Cloud Architecture IaaS PaaS SaaS OpEx vs CapEx

Learned cloud computing fundamentals, deployment models, cloud services, security, migration strategies, and cloud architecture.

Unleashing the Power of AI Agents

Provider: IBMSkillsNetwork

Key Skills: Goal Based AI Agents Utility Based AI Agents Learning AI Agents AI Agent Workflow

Learned AI agent architectures, planning, decision-making, workflows, and real-world applications for intelligent automation.

POSITIONS OF RESPONSIBILITY

Smart India Internal Hackathon (SIH) 2025 Team Lead

Led the team in SIH 2025, advancing to Round 2.

Bhangra Team Lead, PECFEST

Led the Bhangra team for PECFEST, managing practice sessions and choreography.

Musical Band Lead, Thomso IIT Roorkee

Led an 8-member musical band for a live performance at Thomso cultural festival.

EXTRA CURRICULAR ACTIVITIES

- Member of Euphoria Music Club, UIET
- Member of Bhangra Club, UIET
- Member of Juniper Foundation Chandigarh (social activities)

PERSONAL INTERESTS / HOBBIES

- Playing Guitar and Exploring Music
- Playing Chess
